✓ 21. [REDACTED] LIAISON Thomas K. Latimer, Staff Director, House Permanent Select Committee on Intelligence, called to tell me that Chairman Edward P. Boland (D., Mass.) wants either Latimer or Mike O'Neil, Chief Counsel, to review the package of intelligence reports on the Cuban involvement in the Katangan invasion of Zaire. The objective of this exercise is to identify the "best" documents and isolate them for subsequent retrieval when and if the Chairman would need them. I said I would look into this and get back to him. I asked Latimer what the purpose of the Tuesday, 20 June, briefing of the Committee on SS-16 and SS-20 missiles was. He told me that it was for the background of the members and staff due to his (Latimer's) belief that eventually the Committee would be asked to authorize new and/or additional funds for means of collection and that the Committee should be well apprised of the state of our knowledgeability of these two missiles.
